

Interested in becoming a foster carer?

attend our
training
workshop
Sat July 1

www.catrescue.com.au

CatRescue is holding a Foster Care Training Workshop to introduce people to this rewarding and life saving work. We have developed these sessions to provide the best possible advice to new volunteers, and to welcome them to our growing and compassionate network.

CatRescue doesn't operate a shelter but relies on the support and assistance of volunteers. Foster carers save lives by providing abandoned animals with time, allowing them to recover from the trauma of their past experiences, and for us to find them permanent and loving homes.

EVERYONE IS WELCOME TO ATTEND
